

Continuous Flow Hose Reel with Hand Crank

Application:

Designed for heavy duty applications requiring long lengths of hose, adaptable to both plant and field use. Trouble-free design ensures dependable performance and long product life.

Features:

- all bolted construction - no welds
- material: *reel frame, spool and drum are fabricated from heavy gauge steel with a durable red powder-coat finish*
- adjustable spool rotation drag eliminates hose backlash with de-reeling
- zinc plated swivel with Viton® O-ring seals
- full flow shaft and ball bearing swivel
- permanently lubricated dual main bearings
- lock pin to prevent spool rotation when the reel is not in use
- NPTF (F) inlet matches swivel size outlet male NPT
- 31" wide (including crank) x 21¼" tall x 17¾" deep with a 6" drum diameter
- Easily converted to power-driven types.
