# **CNG-Series**

# **Quick Disconnect Couplings**

### **Applications**

· Used to facilitate the large volume transfer of high-pressure compressed natural gas (CNG) for applications such as virtual CNG pipelines, mining, oil exploration, well site development, and remote location natural gas delivery

#### Size

• 1"

#### **Features**

- · Meets CNG service requirements
- · Improved body and valve design provides a 30% increased flow performance over standard ISO-B designs
- · Latch mechanism provides brinelling resistance
- · Locking sleeve design prevents accidental disconnection
- · Captured valve O-ring for reliability in high-flow conditions
- · CNG plugs supplied with combination dust cap/plug
- Non-sparking material

### Material

303 stainless steel

### Specifications

- Designed to ISO7241-B Series profile
- 5,000 PSI maximum working pressure

Body Size	Coupler Part #	Plug Part #
1"	8CNGF8-S	CNG8F8-S

NOTE: Male ORB plugs coming soon
